ANNIE (11/12/00) finished her championship from the puppy classes and then went on to a Best of Opposite at the ATCC Fall Booster. Along the way she went Best Puppy in Group at the Orillia show in August. We asked Pat Neill for the "baddest bitch in the box" and it appears we got her and then some.

SCOTTIE (9/7/99) My family and I have owned and bred Welsh Terriers for countless years - my father, George D.Taylor, got me hooked on the breed by the time I was seven! Lydia, who has been a good friend of the family for many dog years, told me in December, 1999, that it was time that I got "a real dog". Hence, "Scottie" entered my life, and has become my "Little Buddy" (his second call name). Scottie finished his championship in September 2001, with limited showing. He earned a group third and a group second to finish - quite a thrill! I have had a great deal of fun and have learned a lot living with an Airedale.

HARRISON is only my second show dog & the first male I've ever owned. While he is a very sweet-tempered, he is definitely all boy! I've often thought that as well as Airedales being known as the King of Terriers, they should also be known as the Clown Princes of the canine world. In his first showing as a puppy, he beat his littermates to take the Breed. He was shown in Canada only 3 times in '01, completing his championship with 5 BB & a Gp. 3rd. I am constantly amazed by how handsome he is in the ring and very proud of my sweet baby boy.

EMMA (11/2/99) Maybe she understood when I told her, repeatedly, that she is my prettiest Airedale but Emma has never met a camera she didn't like. That "Queen of the Prom" quality lights up photographs & did her well in a campaign that saw her finish her championship fast. Competing for the first time at the Red Deer show in late 2000, Emma won BB twice, after topping other females & taking BW, then went on to complete her championship in July 2001 at EKKOC show. Can you keep them home on the farm after their spin in the sun? The prima donna who thinks herself the star of screen and show proved to be a dotting, careful mum to the fine litter of 10 she had in January 2002.

Kate (11/27/98) is a very versatile bitch. She had tremendous enthusiasm for working in obedience, agility, lure coursing, retrieving and hunting. 2000 brought home a Can Ch with multiple BB, a group 2 and BOS/BOW in a western ATCC Booster. 2001 showed that she was also a clever girl with high scores in Novice B obedience achieving her CD in her first 3 trials. Kate is working on her CDX but is taking time out this spring to deliver her first litter in April.

Thank You

I would like to extend a big thank you to Steve Dwyer for all his help with the pedigrees, tracking down owners and breeders and for proof reading the title holder's section for me. You have been a big help and have made my job a lot easier! Thanks Steve!!

I would also like to thank everyone that contributed with their dog's photos, pedigrees and write ups. This is a big task and I spend absolutely hours on it. I hope you all enjoy reading it and seeing what beautiful and talented Airedales that we have in Canada and the U.S.

Pam Sheane
